

**LIVE VIDEO EXAM**

The **Live Video Exam** allows patients to perform the spirometry and oximetry test remotely with the full support –**in real time**– of the Health Care Professionals (HCP).

A **step ahead of the traditional home care** solutions where the patient is not supervised during the test.

# THE FIRST COMPANY

**TO DEVELOP A SPIROMETER  
INTEGRATED WITH AN  
OXIMETER FOR  
LIVE VIDEO EXAM**

Virtual testing from the  
COMFORT OF HOME

2

## EASY TO USE

**THE PATIENT WILL BE  
COACHED BY THE HCP BEFORE  
AND DURING THE TEST, AS IN A  
ROUTINE FACE TO FACE VISIT.**

CLINICIAN

CLINICIAN/PATIENT

## THE FLOW

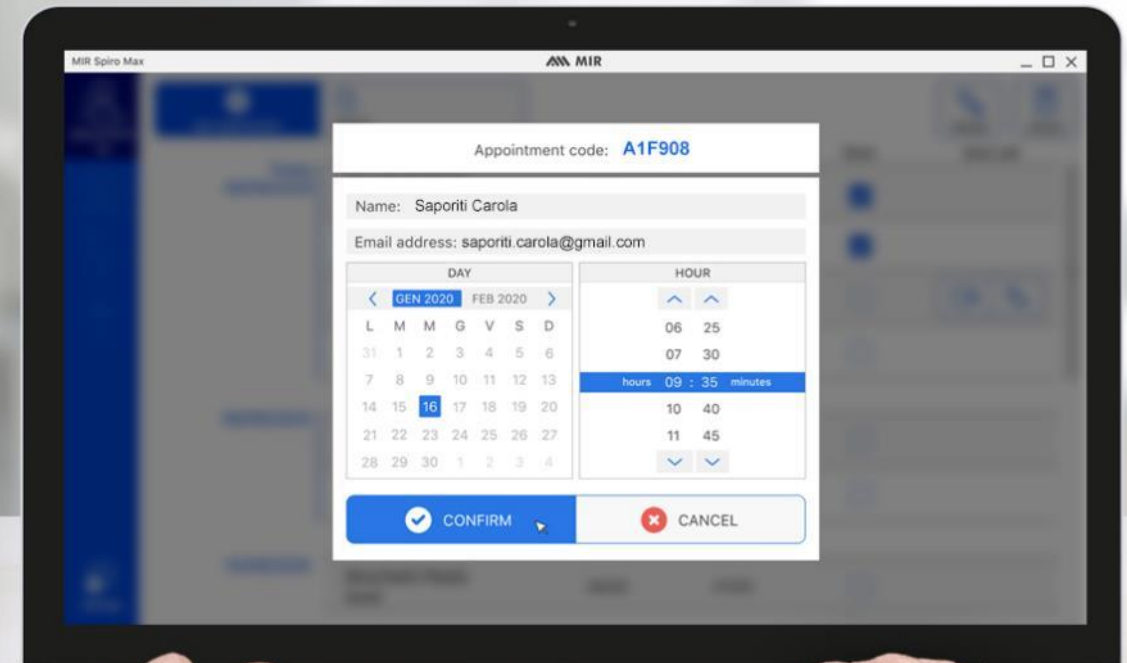

The Health Care Professional (HCP) schedules a meeting directly from **MIR Live Video Exam App**, selecting any Patient from the database...

## SCHEDULE A MEETING

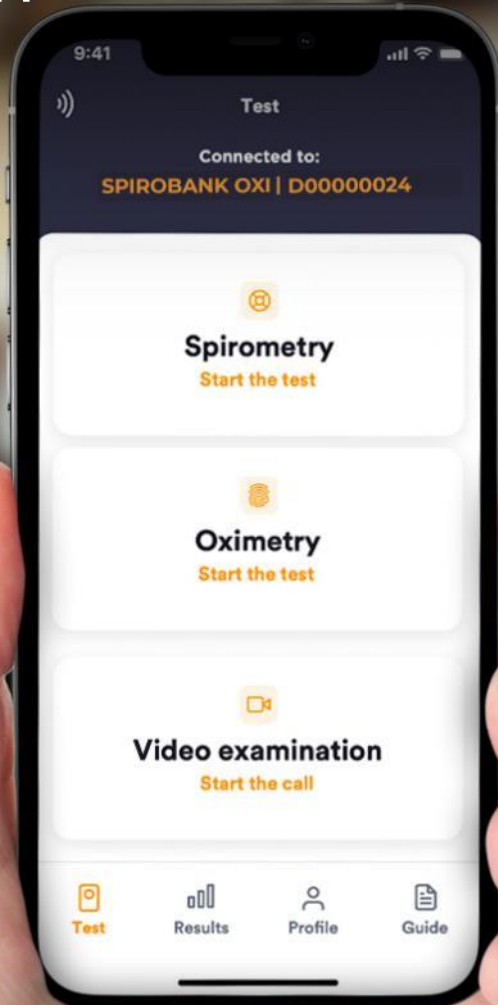

...and date for the appointment from the calendar.

- No longer need to book «physical» appointments.
- No need to travel to patient's home or employee's workplace.
- Live Consultation is available everywhere with a PC and an internet connection.

## THE FLOW

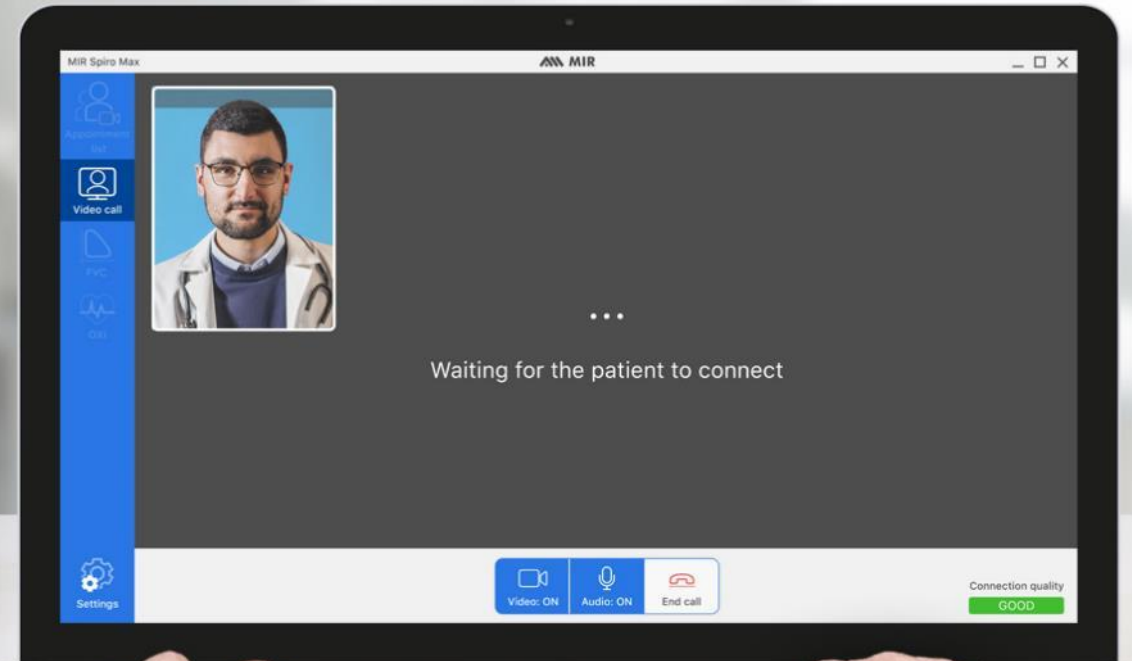

Patient taps on start **Live Video Exam** directly from **MIR Spirobank App**.

## START THE VIDEO EXAM

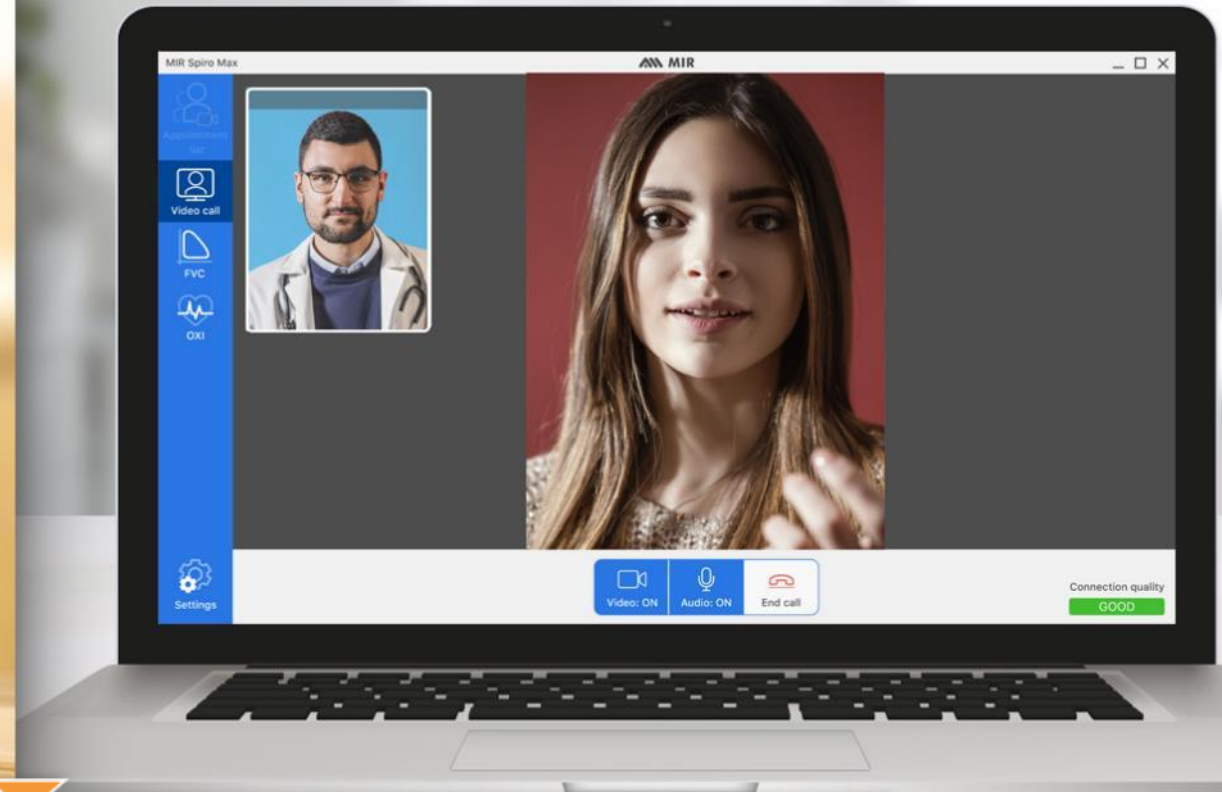

The day and time of the meeting, the **HCP starts the Live Video Exam**.

## THE FLOW

COACHING

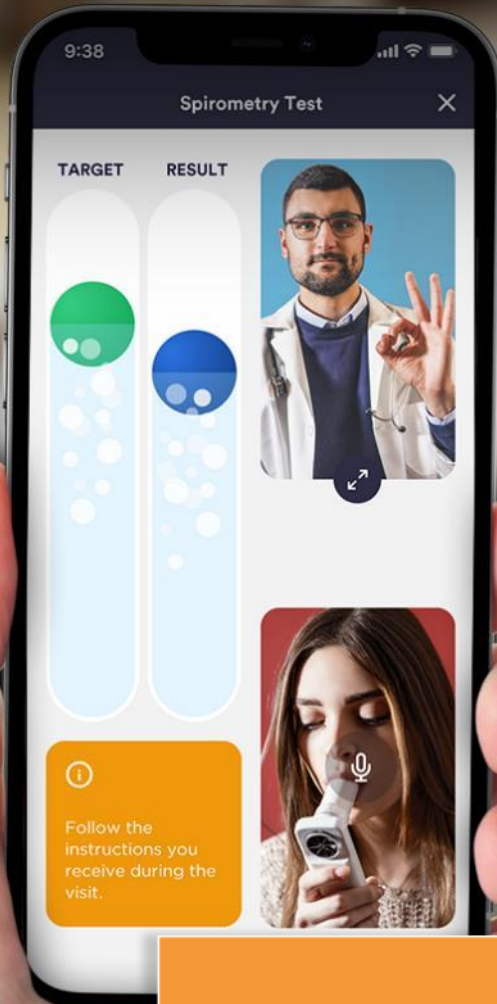

- Live Medical Supervision increase patient cooperation and understanding of spirometry test. This is essential in obtaining optimal test results.

## THE FLOW

Routine face to face testing becomes virtual. Safely, accurately and... comfortably at home.

## SPIROMETRY TEST

The tests are started and ended remotely, without the patient needing to do **anything other than blow**.

- Test execution is supervised and managed 100% remotely by the HCP.

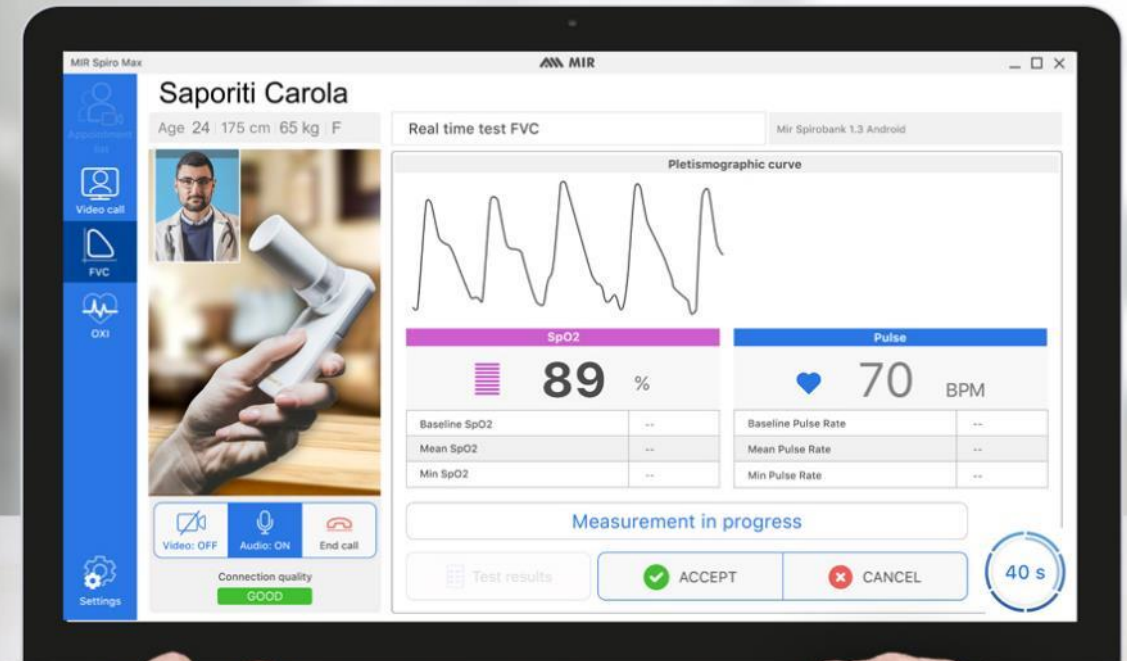

## THE FLOW

## OXIMETRY TEST

Test **entirely supervised** by the HCP.  
Patient **needs only to focus** on the test.

- ✓ **VIEW DATA**
- ✓ **EDIT COMMENTS AND NOTES**
- ✓ **SAVE RESULTS IN PDF**

1. HCP can edit notes and add comments such as a therapeutic plan for the patient.
2. Notes and comments are automatically saved in a pdf file along with the test results.
3. The pdf file is stored by default on both Medical and Patient Apps.

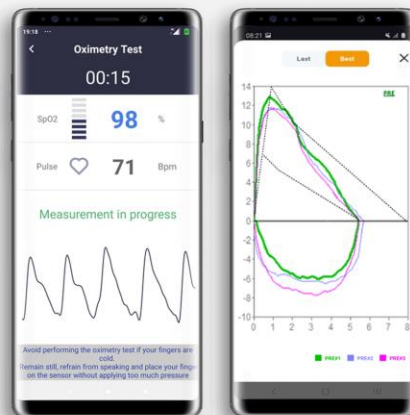

## SPIROBANK OXI CE Mark 0476 FDA pending

01

- ✓ Medical diagnostic device for personal use
- ✓ Spirometer & Oximeter
- ✓ Up to 30 parameters for Spirometry
- ✓ Up to 8 parameters for Oximetry

## MIR SPIROBANK APP Mobile

02

- ✓ Mobile MEDICAL App for (iOS and Android)
- ✓ For real time spirometry and oximetry testing
- ✓ Directly on your Smartphone via Bluetooth Smart 4.0

## LIVE VIDEO EXAM Medical App for Healthcare Providers

03

- ✓ App available on laptop & PC desktop
- ✓ Peer to Peer Connection
- ✓ Low latency
- ✓ In cloud data
- ✓ No privacy issue

# **SPIROBANK OXI**

**App based Oximeter & Spirometer**

## SMALL & LIGHTWEIGHT

### Dimensions:

1.93 x 4.29 x 0.82"  
(49 x 109 x 21 mm)

### Weight:

14 oz  
(60.7 g)

## PULSE OXIMETRY

### Spirobank OXI uses a reflectance pulse oximetry sensor (Touch)

Easy to use, accurate and validated in a laboratory. It is **embedded** and it does not require any external sensor.

*The sensor has been tested and approved by **Clinimark** in the Colorado (US) area.*

### × **No Keyboard**

No patient interaction required.

### × **No display**

Patient visualizes results and incentive on the App.

### × **No Memory**

Tests are automatically stored in the App.

### × **No configuration required**

Direct connection with the App.

## PAIRING WITH SMARTPHONES VIA BLUETOOTH 4.0 (BLE).

### Spirometry Parameter on MIR Spirobank App:

FVC, FEV1, FEV1/FVC, PEF, FEF2575, FEF25, FEF50, FEF75, PEFTIME, VEXT, FEV6

### Oximetry Parameters on MIR Spirobank App:

%SpO2, Pulse BPM

**Up- to 30 Spirometry parameters  
and 8 Oximetry parameters  
available via SDK:**

**Spirometry:** FVC, FEV1, PEF, FEF2575, FEV6, VEXT, PEFTIME, FEV1/FVC, FEF75, FET, FEF25, FEF50, FIVC, FIV1, PIF, FEV3, FEV05, FEV075, FEV2, FEF7585, FIF25, FIF50, FIF75, FEV1/FEV6, FEV6/FVC, FIV1/FIVC, FEV3/FVC, FEV05/FVC, FEV75/FVC, FEV2/FVC

**Oximetry:** %SpO2min, %SpO2mean, %SpO2max, BPMmin, BPMmean, BPMmax, Ttotal.

Single Patient  
**Reusable Turbine**

Compatible also  
with **FlowMIR™  
disposable  
Turbine**

### CERTIFIED ACCURACY:

- ✓ ISO 23747:2015
- ✓ ISO 80601-2-61
- ✓ ATS-ERS: PW24 e FT26
- ✓ FDA Non-invasive Oximeter General Guidance

# MIR SPIROBANK

Medical App for smartphone  
Android e iOS

## Real time spirometry and oximetry test on your Smartphone

### Main Features

- Spirometry and Oximetry test in one App
- Automatic connection via Bluetooth Smart BLE 4.0
- Suitable for all ages excluding newborns and infants
- GLI-2012 predicted sets for spirometry reference value

### Distinctive Features

- Acceptability Messages and Real time animation on Smartphone
- E-diary, symptoms and notes can be added for each test.
- Easy-to-read graphic trends for self-monitoring of spirometry and oximetry.
- Real time plethysmographic curve on display

### Parameters on Display

Spirometry: FVC, FEV1, FEV1/FVC, PEF, FEF2575, FEV6  
Oximetry: %SpO2, Pulse BPM.

### Parameters on Printout

Spirometry: FVC, FEV1, FEV1/FVC, PEF, FEF2575, FEF25, FEF50, FEF75, PEFTIME, VEXT, FEV6.  
Oximetry: %SpO2, Pulse BPM.

# **LIVE VIDEO EXAM**

**Medical App  
for Healthcare Providers**

## Peer to Peer Connection

As many video chat systems the caller is directly connected to the callee. Data coming from the patient's smartphone are sent to the doctor's Pc

- Low latency
- No need to store (personal) data into a server
- No privacy issue

*The Live Video Exam will be embedded into MirSpiro application.*

**MIR cannot read, access or listen to personal communications because they are protected by end-to-end encrypt.**

Massive acceleration in the use of telehealth ongoing, helping expanding care access and highlighting the huge untapped potential of the telehealth market.

## CONSUMERS ADOPTION

## HEALTHCARE PROVIDERS

Health systems, independent practices and others have rapidly scaled telehealth offerings

**50-175x**

# of telehealth visits (vs. pre-Covid)

**57%**

viewing telehealth more favorably

**Safe and fast**

**Support for people with chronic conditions**

**From your home, no crowded places**

**Improved quality & access**
